

**Stephen Lewington**

Born just outside London, I first came to the Midlands when I went to university to study Chemical Engineering. This was followed by three years in Michigan after which we lived in a small Norfolk village outside Kings Lynn where our two boys were born and raised. My work subsequently brought me back to the Midlands and we moved into Thurlaston in 2004. We have spent most of our married life living in small villages and enjoy the spirit of community that they engender. In my spare time I enjoy gardening, walking and going swimming, and am looking forward to also doing what I can to help safeguard all the positive aspects of this village.
