Dear Ms. Davies

Re: Planning Application R18/0059
135 Main Street, Thurlaston, Rugby CV23 9JS.
Replacement of metal clad roof with a slate roof retrospective.

Thurlaston Parish Council approved the original application for the slate roof only. This retrospective application is for the skylight window. We are concerned that in future the rear gardens of neighbours could be overlooked by this unannounced addition. We are inclined to leave the final decision to the neighbours who we assume have been notified of the application.

Yours sincerely

Helen Creery.
Chair, Planning Subcommittee
