Dear Mr Gower,

**Re: Planning Application R19/0251
Beaconsfield, Main Street, Thurlaston CV23 9JS.
Removal of two Laburnum trees and replacement of one with a native Rowan.**

The Planning sub-committee of Thurlaston Parish Council has considered this application and has no objection to either tree being removed. Tree 'B' must be replaced and a native Rowan is a good choice but the positioning of the tree needs to be carefully considered to avoid overgrowing the street light when the tree grows to maturity.

Yours sincerely

Helen Creery.
Chair, Planning Subcommittee
