**Disabled adaption of existing dwelling and property extension.**

Thank you for your email of 2<sup>nd</sup> March in which you explain that the applicant has proposed amended plans most notably with regard to the distance between No 3 and No 4 The Gardens, adjustments to external décor and windows. We refer to latest submissions dated 1<sup>st</sup> March 2022 on the RBC Planning Portal.

Thurlaston Parish Council has considered the applicant's revised proposals and support fully the amendments. On this basis my Parish Council recommends approval and that full planning permission should be granted.

Yours sincerely,
